

Facts and figures on our schools

THE Department for Education has published the annual secondary school performance tables.

They cover GCSE and A-level examinations, together with their equivalents, taken by pupils last summer, and are intended to provide a guide for parents, teachers and education officials as to how different schools perform.

Key to the table:

A: Number of pupils at the end of Key Stage 4

B: Progress 8 score, which aims to capture the progress a pupil makes from the end of primary school to the end of secondary school.

C: Percentage of pupils achieving grades A*-C in both English and mathematic GCSEs.

D: Percentage of key stage 4 pupils achieving the English Baccalaureate.

E: Percentage of pupils achieving 5+ A*-C or equivalents including A*-C in both English and mathematics GCSEs.

F: Ranking within the local education authority. Ties are broken by numbers of pupils in a school and further by the number of pupils achieving 5+ A*-C or equivalent.

GCSE AND KEY STAGE 4
